

Look Love Into Your Eyes

I bounce my love against the moon
and send it through the skies,
to find you whether near or far,
and look love into your eyes.

Whether the moon be full and bright
or a silver crescent in the sky,
each time you look into the light,
my love will find your eyes.

And so I'll seek you every night
until your hands join mine.
Then I'll pull you close
till noses touch,
and look love
into your eyes.

Yes, I'll pull you close
till noses touch
and look love
into your eyes.
